

Map Four-Point Plan To End British Crisis

U.S. Declares Congress Must OK It

Washington, Sept. 8—(AP)—British, American and Canadian cabinet officers today mapped a four-point attack on Britain's dollar crisis.

As the three-power financial talks entered their second day, however, the United States served notice that congress may have to be consulted before it can yield to one of Britain's most important requests.

Secretary of the Treasury Snyder, the chief American delegate, told a news conference he did not think he could permit Britain to discriminate temporarily against American goods without first getting congressional approval.

Wants Article Waived
The British have urgently requested Snyder to waive Article Nine in the 1946 British loan agreement to permit them to start this discrimination.

The British said it would help them save scarce dollars because they then could bar some American goods from their markets in favor of goods from non-dollar countries.

Until Snyder spoke out today, they hoped he would be able to do this without the necessity of going to congress for a waiver—something they fear will take months of consideration.

On the positive side, Snyder disclosed that the top foreign policy and economic leaders of the three allies have agreed to get up four special "working groups" to expedite their discussions. These would consider Britain's request for:

1. More freedom to spend Marshall plan dollars outside the United States. This would allow the British to buy Canadian wheat, bacon, cheese, eggs and other items with their Marshall plan allocations.

At present, Britain must buy those foodstuffs from American producers and is using its own dwindling dollar supplies for the Canadian purchases it has contracted for some time ago. Unless Marshall plan rules are relaxed, the British fear they will have to dip into their reserves for several hundred million dollars during the next year.

2. Streamlining American customs rules. The British claim these regulations now are so antiquated and complex that they discourage British manufacturers from sending their goods to the United States.

More Buying
3. More purchases of strategic raw materials from British sources. Britain wants the United States to speed up buying of tin, rubber, industrial diamonds, mica and other minerals so it can have the dollars to use during the present money emergency. The United States is now buying 67 different scarce items to stockpile in the United States for use in case of an emergency.

4. A greater flow of private and American government dollars into overseas British territories and commonwealth countries. Britain believes it could increase production in these areas and thus earn more dollars if the United States government and private businessmen were willing to take the risk.

Snyder, in talking to reporters, refused to discuss the possibility of devaluing the British pound as a step toward easing Britain's trade problems.

6 Held In Probe
Of Narcotics Party
In Chicago Hotel

Chicago, Sept. 8—(AP)—A North Shore executive's son and five negroes were held without charge today while police investigated reports of a narcotics party in a hotel room.

The North Shore youth is Harry Winfield, 25, of 203 Green Bay Road, Highland Park, Ill. He is the son of Alex H. Winfield, one of the owners of the Superior Hospital Supply Company, 521 W. Monroe street, Chicago.

The five negroes are Charles Crawford, 23, Arthur Palmer, 30, Palmer's wife, Jeannine, 21, Clarence Smith, 27, and Robert Goodlett, 32. All are south side Chicagoans.

Detective Harold Walsh of the Hyde Park station said young Winfield reported he had been the victim of a strong-arm robbery. After questioning, Walsh said Winfield led him to Crawford's room at 820 Oakwood boulevard, where the other four were arrested.

Walsh quoted Winfield as saying Crawford sold him cocaine. The detective said he found a quantity of cocaine and heroin as well as four hypodermic needles.

U.S. Okays Loan Of 20 Million To Yugo

Washington, Sept. 8—(AP)—The United States today loaned \$20,000,000 to Yugoslavia.

The export-import bank announced the first direct credit granted to Marshal Tito's government since his break with Moscow some 15 months ago. It is part of an American effort to strengthen Tito's hand in his quarrel with Stalin.

Simultaneously, the bank's board of directors announced:

1. Approval of \$2,350,000 loan to Israel for the purchase of American materials for harbor works, mainly at Haifa.

2. Its willingness to consider credits for Ecuador to finance the buying of U.S. materials needed in repairing earthquake damage.

The dollars set up as a credit for Yugoslavia may be drawn upon at once to the extent of \$12,000,000 for American materials and equipment to rehabilitate that country's mining industry.

This would boost Yugoslavia's output of copper, lead, zinc, mercury and bauxite—metals basic both to peacetime industry and to war production.

The other \$8,000,000 will be set up as a credit to be drawn upon as the purchases of goods and services may be agreed upon by the bank and the Yugoslav government, the announcement said.

The Yugoslav credit came with unusual speed. The disclosure that Tito's government had made formal application for a loan was made less than two weeks ago.

The decision made clear the present trend of United States policy at a time of critical tension between the Tito regime and the Kremlin-dominated cominform.

Struck Bell Plant Asks Troops To Stop Violence

Buffalo, N.Y., Sept. 8—(AP)—Appeals were made to Gov. Thomas E. Dewey today to send national guard troops to the scene of the Bell Aircraft corp. strike as violence broke out for the second successive day.

The governor flew back to Albany from Syracuse to give his personal attention to the situation. With him was John A. Gaffney, superintendent of the state police, who had accompanied him to Syracuse to attend the State Fair.

William E. Miller, Niagara county district attorney, said he and undersheriff Arthur Muisner both had asked Lawrence Walsh, Dewey's assistant counsel, for national guard troops to help maintain order in the 13-week-old strike.

Miller's request was made shortly after at least 14 persons were reported hurt when flying squads of unionists attacked work-bound non-strikers.

Scores of wives of non-strikers sent telegrams to the governor last night pleading for state police or militia protection for their husbands.

In Albany, the governor's office said no actual request for the sending of national guardsmen to Buffalo had been received today.

Miller said he was convinced that the responsible labor leaders no longer are in control of the situation and that all activities are being led by influences foreign to the local scene and unquestionably communistically dominated.

Miller said Walsh told him that "it was not felt that sufficient proof had been given to indicate that local enforcement agencies had exhausted their possibilities."

The Catholic church thus fired its first round in the battle over the bill which would legalize state control over appointments, finances and administrative affairs of all churches in Czechoslovakia.

The communist-controlled press has steadily represented the church bill as a "generous gesture," because it would prove state support of religion by offering to pay all church salaries.

In many cases, present salaries of the clergy would be increased. The priests denounced this feature, declaring the whole purpose of the law was to "bring the spiritual mission of the church into complete dependence on political agencies."

Although the law would apply to any denominations, only the Catholics have acted so far to oppose it. About three-fourths of Czechoslovakia's 13,000,000 people are Catholics.

Chicago, Sept. 8—(AP)—Oscar G. Abern, federal regional housing expediter, said today rent control offices at Carbondale, Quincy and Centralia, Ill., will close down Sept. 15.

The business normally handled by the closed offices will be taken over by the Springfield, Ill., area office, Abern said.

Abern also announced the closing of nine other rent offices in Kansas, Missouri and Minnesota. He said the action will cut 12 persons off the payroll.

The curtailment is part of an economy drive in the office of housing expediter, he said, caused by reduced appropriations.

Abern said local rent advisory boards, composed of volunteers, have been asked to continue functioning in areas where offices are being closed.

Washington, Sept. 8—(AP)—Senators edged toward a compromise China-aid plan today after a military expert told them a \$75,000,000 outlay—plus U. S. supervision—might check the tide of communism in Asia.

Vice Admiral Oscar C. Badger recommended the far eastern anti-communist fund to a closed-door meeting of the senate foreign relations and armed services committees. The group is studying an arms plan to strengthen friendly nations against communism.

Badger told the senators that four areas remain in China where Red armies might be effectively opposed. He said American assistance could possibly save Thailand, Burma, India and other Far East areas from falling under Red domination.

He also suggested the aid should be given only to Chinese leaders with plans which meet the approval of American officials. And the aid should be directed by Americans.

Police Lt. William A. Crouse, who shot and killed Graves, was critically injured when Graves lit him on the head with a chair. Two bus drivers eating in the restaurant also were injured.

Graves was given a medical discharge from the marines after serving as a captain in the South Pacific during the war. He had worked for several New York advertising firms but more recently had been doing free lance work.

A few weeks ago he and his wife and two children, a daughter, Lee, 11, and a son, John, 4, had come to Suffern to stay at the home of Mrs. Margaret Hampden.

DIES OF WOUND
Metropolis, Ill., Sept. 8—(AP)—William T. Coleman, 49, an auto mechanic, died today in a hospital here of a bullet wound. He had been found shortly before in a house where he roomed, with a bullet wound back of one ear and a gun beside him, deputy coroner C. E. Munal reported. Coleman formerly lived at Paducah, Ky.

Rated daily capacity of the operation will be 800 tons of soybeans. The cost was set at more than \$2,500,000. The construction contract was awarded to the H. K. Ferguson company, Cleveland, O.

4,900 Priests Defy Czech Church Ruling

Prague, Czechoslovakia, Sept. 8—(AP)—Church informants announced today that 4,900 Roman Catholic priests have signed a defiant declaration rejecting and protesting the government's proposed church law.

The Catholic church thus fired its first round in the battle over the bill which would legalize state control over appointments, finances and administrative affairs of all churches in Czechoslovakia.

The communist-controlled press has steadily represented the church bill as a "generous gesture," because it would prove state support of religion by offering to pay all church salaries.

The identification process was started by Dr. S. C. Gillilan, a research director in sociology at the University of Chicago. Using a 1908 post office guide to city streets throughout the nation, he located streets of the same name as those listed in papers carried by the victim.

The 17 postcards were to police chiefs asking if a woman of that description was missing. Schenectady, N. Y., reported that the grandmother of John Foster, Mrs. May Wood, had been missing since Aug. 16.

Chicago, Sept. 8—(AP)—The sale of U. S. Savings Bonds series "E" in Illinois this year is running \$10,636,000 ahead of the same period in 1948.

Arnold J. Rauen, state director, U. S. Treasury Savings Bonds division for Illinois, gave these figures today:

Sales through July this year were \$24,536,000, and increase of 4.33 per cent over the 1948 period. July, 1949 sales were \$3,518,000, a rise of 10.3 per cent over the \$3,125,000 in July, 1948 sales.

H.S.T. Would Avert Big Steel Strike

Washington, Sept. 8—(AP)—President Truman disclosed today he may ask for an extension of the steel truce to avert a nation-wide strike threatened for next Wednesday.

He said the extension—the length of which he did not disclose—is under consideration.

But he added he will make a decision after reading a report his steel fact-finding board is submitting to him Saturday.

Will Be Made Public
The special board originally was allotted 45 days for its study. But it was given a 10-day extension which provides the parties only four full days to reach a settlement under its terms before the strike call takes effect Wednesday midnight. The report is expected to be made public Sunday.

Philip Murray's CIO Steel Workers are seeking a fourth round of wage increases, plus pension improvements and insurance.

Mr. Truman also told a news conference he is doing everything he can to avert a strike of operating unions on the Missouri Pacific railroad set for tomorrow. But he said he doesn't know whether anything more can be done because nearly every means under the Railway Labor Act has been exhausted.

The president denied a report that he once was on the point of firing W. Stuart Symington, secretary of the air force.

Isn't Worth Memo
The report was quoted in a now-discredited memo by Cedric R. Worth, civilian official of the navy. It was to the effect that because Symington had come out for a bigger air force than President Truman wanted, the president wanted to fire Symington. The late secretary of Defense Forrestal, according to the report, persuaded the president to refrain lest it make a martyr out of Symington.

Hugh L. Hanson, another civilian naval employee, testified on the subject Tuesday at a naval inquiry into the source of the memo, which also hinted at fraud in the air force's B-36 program.

Hanson said he had passed along to Worth information about the president's alleged desire to get rid of Symington.

Mr. Truman said the report was made out of the whole cloth and he had never heard of it before.

Production Index Up
The president said Edwin C. Nourse, chairman of the economic advisory council, reported to him today that the nation's production index went up six points in August. Nourse earlier had told newsmen the index for July was 162 compared with 169 for June.

The president said figures out today showing a rise in employment speak for themselves. He said he could tell more about the general picture when the quarterly economic report is made at the end of September.

Asked to identify the "selfish interests" he has accused of trying to block his program, the chief executive replied he could not do that now. He may a little later on in the 1950 campaign, he said.

He had struck out at "selfish interests" in a Labor Day speech in which he also accused his critics of using "scare words" such as statism. When a reporter asked him today for his definition of statism, he said that dictionaries disagree on its meaning and all he could say was that it was a scare word.

The president said he might campaign in New York before the November special senatorial election if he thinks it would be helpful. Former Governor Herbert Lehman has announced for the democratic nomination and Senator John Foster Dulles for the republican nomination.

York, Me., Sept. 8—(AP)—A hospital spokesman said tonight there was no change in the condition of Supreme Court Justice Wiley B. Rutledge.

Justice Rutledge was reported earlier today as showing no improvement in a paralysis of his left side, caused by a cerebral hemorrhage. The 55-year-old jurist has been a patient at York Village hospital since Aug. 27.

THE CLIMATE OF ILLINOIS
The weather everywhere is subjected to a great deal of general discussion, and the weather in any locality to a good deal of particular discussion. Hence the reason for the report, "Climate of Illinois," prepared by Professor John L. Page, University of Illinois geographer, and just issued by the university.

Our mid-continent location, the report points out, makes for hot summers and cool to cold winters. Our rainy spells are caused by warm fronts coming up from the south and colliding with cold fronts from the north-west. The hot muggy spells are produced by high and low pressure areas meeting here in the summer. Our best weather is Indian summer when the cool air masses from the north mingle pleasantly with currents from the Gulf of Mexico.

The hottest month, as recorded by all weather stations in Illinois, was July of 1936, when the mercury topped 100 practically every day. Lowest recorded temperature in the state's history was 35 below at Mt. Carroll on Jan. 22, 1930.

Taking up an old controversy, the report says that our weather isn't changing and hasn't changed in the last century, except through normal variations. Occasionally we have a very hot summer and now and then an especially severe winter, but they average up, this expert says.

Maybe so. It is undoubtedly true that people are mistaken in thinking the weather was more severe in their childhood than it is today; naturally the snow looks deeper to a little fellow of two feet than to a 6-foot oldster.

But we have seen expert opinion holding that a change is in progress. Not perceptible, but nevertheless real. If the weather doesn't change over the centuries, how come there was once a glacier over this country? It wasn't artificial refrigeration created by the Indians. It must have been terribly cold here at one time. The climate had to change to get rid of all that ice — why can't it change again?

Don't sit up nights, however, waiting for another glacier to form so you can ice-skate 12 months out of the year.

A Fable For The Atomic Age

BY HAL BOYLE

New York.—(P)—Once upon a time there was a great scientist named Dr. Alfonso Cortez.

No mind like his had ever entered the world before.

The day he was born he asked the nurse if he could borrow the hospital's microscope. He wouldn't take his afternoon nap unless his mother sang him a lullaby from an algebra book.

By the time he was five he could recite the Encyclopedia Britannica from memory, forward or backward, including the index. He graduated from college at 7—before he could play hopscotch well.

At 10 he competed in a radio giveaway quiz contest. They couldn't think up a question he couldn't answer. The network finally paid him \$5,000,000 to quit—it was the only way from going bankrupt. With that nest egg the young scientist bought himself his first pair of long pants and dedicated the rest of his life to science.

In time every branch of human knowledge was illuminated by his brilliance. His inventions enabled men to live forty years longer, drink all night without getting a hangover, get by on half-an-hour's sleep, and earn all they wanted by working one hour a day.

Had World-Wide Fame
The fame of Dr. Cortez was world-wide. His name was a household word—in households where people could read. But in his old age the great scientist was unhappy.

"There is still evil in the world," he said. "I must solve the problem of right and wrong."

So he went into his laboratory and stayed there for five years. Then he emerged. He summoned the world's leading statesmen, bankers, clergymen, industrial leaders, generals, admirals and educators to his laboratory. When they were all assembled, he walked into the room carrying a large box.

"Gentlemen," he said, "in this box I have bred, and cross-bred them for five years to breed out their vicious instincts. I have read them the Bible, the Koran, the Talmud and passages from the philosophers. They have been taught not to sting anyone who is wholly good. They are the only trained moral mosquitoes ever reared."

"See."

"Don't Be Alarmed"

And with that he opened the box, and out swarmed the mosquitoes.

"Don't be alarmed," smiled Dr.

Cortez. "They know right from wrong."

The mosquitoes began settling on his uneasy guests. For a moment there was a sudden silence, a vast squirming, and then—

"Ouch!"

"Ouch!"

"Ouch!"

The famous people, slapping at their faces, ran en masse from the laboratory, all except a stubborn general. He walked out, brushing the mosquitoes from his cheek—and his medals.

Dr. Cortez looked sadly around his deserted laboratory.

"There must be some wholly good person in the world," he said. "All my mosquitoes can't be wrong."

Just then he felt something on his neck.

"Ouch!" cried the scientist.

Moral: Never trust an educated insect.

**POLIO EMERGENCY
WEEK PROCLAIMED**

WHEREAS, infantile paralysis again is rampant throughout the nation, striking community after community with ruthless impartiality, and,

WHEREAS, the National Foundation for Infantile Paralysis has thrown its full resources into the fight against this insidious disease, and,

WHEREAS, the high cost of combating the 1949 polio outbreaks, plus the millions of dollars still being expended by the National Foundation for last year's patients who require continued care and treatment, have drained the organization's finances to the danger point, and,

WHEREAS, it has consequently become necessary for the National Foundation to hold a disaster drive for funds so that its work of mercy may continue unabated,

NOW THEREFORE, I, Ernest L. Hoagland, Mayor of Jacksonville, do urge each and every resident of Morgan County to respond most generously to the National Foundation's emergency appeal during the week of September 11th, and

I DO FURTHER PROCLAIM THE WEEK OF September 11th to be "Polio Emergency Week" and, ask all citizens of our community to join in our common crusade against infantile paralysis.

REV. AND MRS. C. A. SULLIVAN

Couple To Repeat Vows On Golden Anniversary

To celebrate their golden wedding anniversary, Rev. and Mrs. C. A. Sullivan will again speak the vows which made them man and wife 50 years ago.

The couple will be remarried in Grace Methodist church Sunday afternoon at 2:30 o'clock, with Dr. Frank Marston performing the single-ring ceremony. Mrs. Sullivan will receive an heirloom ring to replace her original one, lost many years ago.

The bridesmaid will be Eva Wahrendorf, daughter of Mr. and Mrs. Joseph Roundtree (her mother is still living), a youthful 90 years of age, and her husband-to-be lived near Benton. His parents were the late Mr. and Mrs. Augustus Sullivan.

It was the week of the Benton county fair and the couple had made their plans carefully. The bride, then 18, met Mr. Sullivan at the fair. From there they proceeded to the court house where they procured their license.

The first years of their wedded life were spent on a farm near Benton. When Mr. Sullivan decided to enter the ministry, he entered McKendree college, near East St. Louis, where he received his degree.

Served First in Kansas
His first pastorate was in Kansas and the couple lived there for six years. They then moved to Witt, Ill. While Rev. Sullivan was at Witt, a new brick church was added and a new parsonage was bought.

After leaving Witt, the couple went to Mt. Vernon and other places before coming to Jacksonville in 1940. They have resided here since, making their home at 902 Doolin avenue.

Although Rev. Sullivan retired in 1940, he has served a number of churches in this locality as supply minister.

Both he and Mrs. Sullivan are in good health. He is 74 and she is 68. They have five children, Errol Sullivan of Philadelphia, L. A. Sullivan of Muncie, Ind., Joseph L. Sullivan of New Castle, John L. Sullivan of Chicago and Mrs. Ruth Berkeley of Lewistown. There are also three grandchildren, Andy Sullivan of Muncie, Linda Beth Sullivan of New Castle and Charles Love of this city.

One of the special guests will be Howard Sullivan of Oklahoma, who attended the couple's wedding 50 years ago.

The first Labor Day celebration was held in New York City Sept. 5, 1882.

OCTOBER BRIDE

MISS BERNICE BERGHAUS

Announcement has been made of the engagement and approaching marriage of Miss Bernice Berghaus, daughter of Mr. and Mrs. Carl Berghaus of Bluffs, to Ross Dormire, son of Mr. and Mrs. Brooks Dormire of Mt. Sterling.
An October wedding is planned.

Maxine Werries, Vernon Lovekamp Wed Near Chapin

Bluffs — In a lovely double-ring ceremony Sunday afternoon at 3 o'clock in St. Paul's Lutheran church near Chapin, Miss Maxine Werries became the bride of Vernon Lovekamp. Rev. Harry Timm, pastor of the church, received the vows before an altar decorated with baskets of cut flowers and ferns.

Miss Lorene Rebbe played the traditional wedding music. Miss Betty Leach sang "Because" and "I Love You Truly."

The bride, given by her father, was lovely in a white satin gown fashioned with sweetheart neckline, long sleeves and full skirt made en-train. Her fingertip veil was held in place with a tiara of orange blossom. She carried a bridal bouquet of white gladioli.

Her attendant, Margaret Ann Werries, a sister, wore a blue gown, similarly designed, and carried an arm bouquet of yellow gladioli tied with blue.

The ushers were Leland Littig, Le-on Little, Glenn Wilson and Pete Spangler.

Following the ceremony, a reception was held at the home of the bride's parents. The three-tiered wedding cake was cut in the traditional manner and served with fruit punch. Those serving were Opal Little and Joyce Rebbe, cousins of the bride couple.

The mothers of the couple both wore navy blue dresses with black accessories and white gladioli shoulder corsages.

Mrs. Lovekamp is the daughter of Mr. and Mrs. Harry Werries and attended the Chapin schools.

Mr. Lovekamp is the son of Mr. and Mrs. John Lovekamp and attended Bluffs schools.

Upon returning from their wedding trip, they will reside on a farm near Winchester.

Hats Designed For Scholars

No back-to-school wardrobe will be complete this coming season without several of the cute and wearable hats especially designed for the high school and college crowd.

The little hat promises to be as important as ever this Fall with special emphasis on the extremely youthful silhouette.

New versions of the deep head-fitting calot curve deep over the ears and cover almost all the hair. For added flattery the browline is often irregular, a style particularly becoming to a young face.

Cloches too, show the influence of a deeper feeling, crowns fit well down on the head, and brims are reduced to a minimum.

Unusual fabrics as well as silhouettes add variety to the junior scene. Felts covered with matching

chiffon and trimmed with chiffon draperies give a look of sophistication to a youthful style. For lighter moments a deep brimmed jockey cap of soft black velvet is sure to arouse comment from the boys, and looks wonderful with bright plaids and pastel wools.

Another dress-up hat of black velvet perfect for dates is a dainty helmet circled with buttons of black faille and trimmed with a glamorous nose veil of black mesh.

Brilliant colors such as spode red, copper, American eagle gold, colleen green and palette blue are wonderfully combined in sports and casual hats. A deep calot of spode red is trimmed with a jaunty upstanding wing of colleen green and a ribbon cockade of deeper pine green.

Metallic crochets, embroidered crepes, velours, and suedes are among the generous variety of fabrics for junior hats this season.

The term "atlas" was first used for a book of maps by Mercator, a Flemish cartographer.

Silk Threads For Sewers

According to Belding Corticelli, manufacturers of fabrics and threads, a silk dress sewn with cotton thread will tear faster than one using silk. A woolen suit after several cleanings and pressings will part from its seams sooner because of the different effects cleaning and pressing have on wool and cotton.

In addition to these advantages, silk has a greater resiliency. Laboratory tests certify that silk stretches at least 10 per cent more.

Here's How To Condition Hair

Constant exposure to the sun, and repeated dousings in the surf can change the loveliest hair into an uncooperative thatch.

You can restore the luster and pliability of your hair with the application of a fine soothing hair conditioning oil followed by a gentle oil shampoo.

A pleasant and effective treatment is suggested by Mary Imogene Shepherd, noted cosmetician. Apply a lubricating conditioning oil, preferably heated, to the hair. Brush each strand thoroughly till the oil is absorbed by hair and scalp. Allow the oil to remain on for at least 10 minutes.

Follow with a highly concentrated oil and soap shampoo, diluted at the rate of an ounce of shampoo to two ounces of water. Firmly work the mixture in, covering every portion of the hair and scalp. Rinse, and rinse vehemently, till the hair literally squeaks between the fingers.

For naturally curly hair, or for accentuating a permanent wave, apply a steam towel after the shampoo to remove excess moisture. Set as usual, then dry. In time hair

treated in this manner acquires a fresh glow. The oil retained after the shampoo furnishes the suppleness robbed by sun and sea.

Texture Seen In Knitwears

The great importance of texture, the tweedy look and casual styles in Fall fashions is well expressed in the handknitted and hand-loomed dresses and suits for this season.

Lots of fresh style ideas have been injected into knitwear, like high shoulder pockets, unmounted sleeves, the cardigan jacket, new

"pleat" construction in skirts and more cuff details on sleeves. New surface interest is achieved in stitches which give a tweed-textured surface in monotonous as well as many more stitch patterns and some two-color patterns or yarns which knit up into the popular tweedy look.

Lieut. Governor Of Optimists In Visit To Club

C. C. Hoogland of Springfield, lieutenant governor of the 23rd district of Optimist clubs, addressed the Jacksonville club Wednesday noon as it resumed meetings after the summer vacation. Mr. Hoogland is an official of the Capital City Paper Co.

Speaking of welfare work sponsored by Optimist clubs, particularly among boys' groups, Mr. Hoogland described the Springfield project which included the building of a civic center. He declared that juvenile delinquency dropped rapidly in the district served by the community center, after its program was in full swing. Mr. Hoogland paid tribute to the

Optimist club at Chanterville, which is located in a small town, but which he said was one of the busiest clubs in the district. The Springfield man announced the coming appearance of the Skating Vanities of 1950 at the state armory Oct. 5 through Oct. 9, sponsored by the optimist club of that city. The local club probably will reserve a block of seats for the opening performance. William Townsley, vice president, presided at the meeting at the Dunlap hotel, with Prof. John S. Wright serving as secretary. The club accepted a request of the Infantile Paralysis campaign officials to man a booth on the public square next Thursday. The club will meet again next Wednesday noon at the Dunlap.

Ban On Gambling In Effect; Grand Jury Orders Enforcement

Officials of several clubs where slot machines have been in operation, the boys who peddle baseball tickets, and punch board operators blinked yesterday from the impact of a crack-down on all forms of gambling in Jacksonville and the county. The lid was clamped on Wednesday after a grand jury request for strict enforcement of the gambling laws, "without exception."

The movement on the part of law enforcement officials came suddenly to the community which for a number of years has given passing heed to games of chance on club premises, to baseball pools, punch boards and other forms of questionable amusement.

Pin ball machines which do not pay off in coins, but merely compensate the player with "free games," also were included in the ban, according to some of the proprietors of places where they have been in operation.

The complete elimination of all forms of gambling, including bingo, in all clubs, lodges and at other gathering places, was requested by the grand jury which was empaneled Wednesday morning by Judge Clem Smith of Carrollton.

The grand jury made its request in writing to State's Attorney Albert W. Hall shortly before 5 p. m., after returning six indictments against local residents charged with various offenses.

No indictments involving charges of gambling were returned by the grand jury. But its written request made it plain that it expects gambling statutes to be strictly enforced.

Edict Hits Clubs

Officials of clubs where slot machines and bingo have been a source of revenue, agreed that the order hits them hard. Some of the clubs have used proceeds of slot machines and bingo for charitable purposes. The grand jury order made no distinction between these organizations and private operators.

"BANANA" FLOAT—An amphibious helicopter, designed for emergency rescues, is demonstrated by the U. S. Coast Guard at Elizabeth City, N. J. The large picture shows how the specially-built nylon floats are inflated, permitting the three-ton "Flying Banana" to set down easily on the water. Inset shows how the all-weather floats fold neatly around the wheels until needed. The pilot pulls a cord which pops the floats open in 90 seconds for landing on water, ice, snow, tundra or swamps.

Greenfield, Carrollton Elevens Toughening Up For Ivy Grid Schedule

Casey Rates Page Most Valuable Of All The Yankees

New York, Sept. 8.—(P)—Casey Stengel regarded Joe Page, the brilliant left-handed relief pitcher, as the most valuable of all the Yankees.

When it comes to singling out the one man who is most responsible for the Yankees' present 21 game lead over Boston, Stengel points his finger straight at Page and says, "He's my man."

"Page is the greatest relief pitcher I have ever seen," Casey stated last night following Joe's brilliant relief throw which helped the Yankees down the Red Sox, 5-2.

"I've seen some mighty good ones in my long years in baseball," Casey said. "I saw Wilky Moore of the fabulous Yankees of 1927. I've never seen a pitcher who could go in there and put it past the batters so consistently, especially with runners in scoring position. He's a wonder. Although he's a southpaw, Joe is even better against right handed batters."

Stengel said he had never witnessed such a brilliant bit of relief pitching as exhibited by Page last night.

Yesterday's appearance marked Page's 49th this season, and the 17th time he's come to Reynolds' rescue. Allie has won nine of those 17, and the Yankees have won 34 of the 49.

Detroit Takes 2 From Cleveland, 10 To 0 And 4 To 1

Detroit, Sept. 8.—(P)—The hustling Detroit Tigers jolted the Cleveland Indians twice today, 10-0, and 4-1, behind the effective left-handed pitching of Hal Newhouse and Ted Gray. Newhouse pitched a one-hit shutout in the afternoon game while Gray gave up only four hits in the second game tonight.

The double triumph stretched the Beagles' winning streak to eight games and moved them into a virtual third-place tie with the Indians in the American league race.

The defending champions have a 56.2 percentage while the Tigers climbed to the 580 mark.

Cleveland's pennant hopes were dimmed considerably by the twin losses. The Tribe had only one run and five hits to show for the double setback.

That one tally came tonight on a home run by pitcher Bobby Feller—his second of the season. Feller held the Tigers to five hits but saw a three-run triple by Vic Wertz cost him a ball game.

Newhouse started the Tigers off on the right foot this afternoon when he yielded only one hit—a seventh inning single by manager Lou Boudreau—while handuffing the Indians for a lopsided 10-0 decision.

The Greenfield high school football squad under the coaching of Don Lutetich will be strong again this year with the T formation that they perfected last season.

The 1948 Tigers placed third in the Ivy loop race. Captain Dean Cochran is back for his senior year at Greenfield high. Other lettermen returning at Greenfield are Fred Becker, Harold Cannedy, Val Klunk, Winfield Coryell, Ralph Longmeyer, Bob Waltrip and Bob Baldes.

The Carrollton Hawks are going to be tougher this year, headed by coach Clarence Bradley who will be starting his second season as head football coach. The 1948 Hawks tied with Winchester for sixth place in the Ivy loop race with 2 games won and 5 lost but grid prospects are brighter this year.

The return of Bob Grainer, 195 pound fullback regular for the Hawks two years ago, who has been in the Army for several months will strengthen the Hawks in the backfield and frosh Don Grainer, brother of Bob, scales the 200 pound mark and will fit into the heavy Hawk lineup. Price, a back, is returning for his last year of football.

Co-captains Dick Ridings, end and Bob Hamel will lead the Hawks in their initial non-conference game of the season at home with Marquette of Alton Sept. 16.

Johnson, McGuire, Folles, Mehrhoff, Andrew, Fortwood, and Darr are prospects that coach Bradley is spending his time to develop into varsity candidates for this season. Carrollton and Greenfield have always been strong football rivals. The two Greene county teams have been playing the last few seasons at night. Both teams end their year with this traditional game.

In the 20 years these two elevens have been competing against each other in the Ivy circuit, Carrollton holds the edge over Greenfield with 8 wins. Greenfield boasts a victory skin of 6 battles taken from the Hawks, while all other Ivy contests between the two schools have ended in ties.

Athletics Whip Senators Twice, 9 To 1 And 8 To 4

Philadelphia, Sept. 8.—(P)—The Philadelphia Athletics left-handed the Washington Senators to a double defeat tonight as "Southpaw" Lou Brissie recorded his 14th mound triumph with a 8-4 second game victory after Rookie Al Keller picked up his 17th conquest with a 9-1 triumph.

Keller had an easy time in the opener as Ferris Fain paced the Athletics' 14-hit attack on Rookie Jim Pearce, Joe Haynes and Paul Calvert.

Fain collected four hits in as many times at bat and drove in four runs. Three singles in the sixth gave the Senators their only tally. Brissie had only one bad inning in the second game. That was in the sixth when Al Kozar belted a three-run homer.

Long before, however, the Athletics put the game on ice by scoring four runs in the first frame off Dick Weik. They added two more in the fourth and one in the fifth at the expense of Enrico Gonzales.

Chisox Recall Jerry Scala

Chicago, Sept. 8.—(P)—The Chicago White Sox last night recalled outfielder Jerry Scala from Indianapolis of the American Association.

Scala has been hitting .339 with the Indians. He probably won't report to the Sox this season because the Indians will be in the association playoffs.

The Sox also announced recall of outfielder Bill Higdon from Muskegon of the Central League, a Sox farm.

McCarthy And Stengel Stay Cool Under Fire

New York, Sept. 8.—(P)—Managers Joe McCarthy of the Boston Red Sox and Casey Stengel of the New York Yankees agreed today on one thing—the sizzling American league pennant race is no strain on them at all. None whatsoever. Or so they say.

Their game this afternoon was rained out. The outfield in Yankee stadium was a soggy mess. Some 25,000 fans huddled humbly under the green stands. And McCarthy and Stengel sat in their offices and philosophized about baseball.

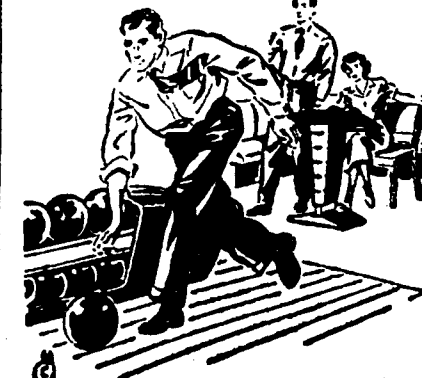

"I don't notice it," said Stengel. "Oh, we get heated up a little."

But despite their protestations, the baseball atmosphere is a lot like a world series. Thanks to last night's 5-2 victory, the Yankees now lead the Red Sox by two and a half games, having won 82 and lost 48 against 82 victories and 53 defeats for Boston.

The two teams still have six games to play each other. Today's postponed game has been set for Sept. 26 in New York.

Phillies Defeat Braves 3 To 1

Boston, Sept. 8.—(P)—Right hander, Russ Meyer limited the Boston Braves to one hit tonight as they dropped their ninth straight game by a 3-1 margin to the Phillies.

Meyer more than clinched his 12th win of the season by setting down the last 16 Tribesmen to face him.

The Philadelphia screwball artist, who previously had hurled a pair of one-hitters for the Chicago Cubs, got underway by passing Sibby Sisti who promptly scored on Connie Ryan's two-bagger to right field.

The game became deadlocked in the second when Bill Nicholson was passed and scored on Willie Jones' two-bagger.

A double by Granville Hammer and two long flies gave the Phillies their winning run in the eighth and Jones more than insured matters by lashing his 17th homer in the ninth.

Football Briefs

Champaign, Ill., Sept. 8.—(P)—Coach Ray Elliot tried some rookie guards in the Illinois football drills today. He is trying to plug gaps left by a wave of minor injuries.

Chuck Studeley, Pontiac, Ill., sophomore replaced Aldo Martignago, who is out with a throat ailment, and may win the job on offense. Don Gindovic, LaSalle, Ill., sophomore, and Leo Cahill, Utica, Ill., sophomore, moved up to third string guard spots. Chuck Brown, 230 pound veteran, became second team left guard after recovering from a sprained ankle.

Evansville, Ind., Sept. 8.—(P)—Long runs by halfback Johnny Miller, junior from Chicago, and Art Murakowski, senior fullback from East Chicago, Ind., sparked in northwestern football scrimmage today. Miller was out with a knee injury until recently.

Bloomington, Ind., Sept. 8.—(P)—Sophomores held 18 of the first 33 places as Indiana's football squad held a double scrimmage drill today.

Fullback Milan Sellers appeared to be fully recovered from the knee injury that took him out last week. But reserve quarterback Bill Driver was out with a bad knee.

South Bend, Ind., Sept. 8.—(P)—Walter Grothaus, senior from Cincinnati, Ohio and Gerry Groom, Des Moines, Iowa, junior, are striving for the center spot on Notre Dame's starting line-up.

The backs, ends and centers today went through a long passing and punting drill, while the linemen engaged in a blocking drill. Later all forces engaged in a session on punt and pass protection. Quarterbacks Bob Williams, Johnny Masur and Gerry Begley handled the punting and passing assignments.

BUC HUBLER IN HOSPITAL
Pittsburgh, Sept. 8.—(P)—Ernie Bonham, pitcher for the Pittsburgh Pirates baseball team, was in serious condition at Presbyterian hospital tonight after a three-hour appendectomy.

Cardinals Keep Lead In Torrid Flag Chase By Downing Cubs 8-0

St. Louis, Sept. 8.—(P)—The fast-flying St. Louis Cardinals, given three-hit pitching by southpaw Harry Brecheen, steamrolled the last-place Chicago Cubs tonight, 8 to 0, to retain their one-game edge over the Brooklyn Dodgers in the torrid National league flag chase.

Not content with handing the cellarites a row of home-runners, Brecheen joined in the 14-hit assault on four Cub pitchers. He banged out three hits, including a double, scored three runs and drove in another.

Not a Bruin saw first base until the fifth inning, which Hank Sauer opened with a double. Big Hank did not get to the middle bag, however, as Red Schoendienst made two sparkling plays at third to stifle the threat. Herm Reich, who tripled with two out in the seventh, was the only Cub to reach third. Brecheen registered seven strikeouts as he chalked up his 12th victory.

The victory enabled the pennant-minded birds to sweep the two-game series with the windy city crew.

Cardinal System Boasts Another Magic Manager

Lynchburg, Va., Sept. 8.—(P)—This baseball-dixie city has gone daffy over Vernon Mackie. It isn't any wonder, either.

For Mackie, the 44-year-old manager of the Lynchburg Cardinals has produced two successive pennant-winning teams in the Class B Piedmont league. Mackie, the folks here say, is something more than just a baseball club manager. The guy's a magician, too.

Mackie's magic is pulling baseball games out of the fire. And if you don't think he's good listen....

Lynchburg, a farm club of the National league St. Louis Cardinals, first handed over its managerial chores to Mackie when half of the 1947 season was history. That is, everybody thought so except Mackie. The first thing Mackie did was to steer the Cards into a long winning streak that elevated the club into third place. They won 38 and lost 29 under Vernon's skippership.

In Front All The Way
The Cardinals had the winning habit. And when the 1948 campaign came along, the stepped right into first place and remained there all the way.

Mackie resigned before the 1949 season started. He wanted to go back to his old supervisor's job with the Norfolk and Western railway at nearby Roanoke, Va. When the Cards displayed signs of hitting the Piedmont basement after the first three weeks of play, the Cardinal front office folks lost little time looking up Mackie. They wanted him back at the Cardinals helm. That was May 15. The team was in fifth place, and had lost more games than it had won.

The Mackie magic worked again. The Cardinals under Vern, a catcher by baseball trade, didn't lose until they had scored eight successive triumphs. And they won another pennant.

Must Have Patience
"You've got to have patience with young ball players," Mackie explains it all. "You can't drive them too much. You've got to prove to them you're right. You can't let them get to thinking they're licked. Keep them pumped up. That's all there is to it."

Mackie got his greatest thrill out of baseball in 1941 when he was manager of the Salem-Roanoke club in the Virginia league. He elected to pinch-hit with two out and two on in the ninth inning and his club trailing in the season's final game. Mackie's triple won the game—and the pennant by half a game.

"That's the kind of fellow Mackie is," said Frank Lawrence, owner of the rival Portsmouth Cubs. Less than a year ago, Lawrence recommended Mackie to the Chicago Cubs. He figure's Mackie's managerial magic might work wonders with another last place club.

Ezzard Charles Agrees To Defend Title In Frisco

San Francisco, Sept. 8.—(P)—Ezzard Charles has agreed to defend his world heavyweight boxing title against California champion Pat Valentino in a 15-round bout here Oct. 14.

Lou Thomas, local promoter-matchmaker, made the announcement today following telephone talks with Charles' managers in New York.

The title fight, first in this area in many years, will be sponsored by race track operator William P. Kyne. Charles will receive a \$50,000 guarantee or the option of 35 per cent of the gate.

Negotiations for the match have been under way for several weeks.

Terms were agreed upon, Kyne and Thomas said, after James Norris, president of the International Boxing club, which has Charles under contract, telephoned acceptance from New York. Charles, former champion Joe Louis and Jake Mintz of the former's retinue, will fly out here Sept. 13 to sign the contract. The date is the opener for the Bay Meadows racing season.

Kyne said the contract would be signed during the opening days of program. Valentino, his manager, Jack Andrade and promoter Thomas, are slated to fly to New York tomorrow to sign another contract giving Charles first crack at Valentino should the latter win the title.

Local estimates were the fight would draw more than \$100,000 at prices of \$3 to \$20 in the local Cow Palace. The building will seat close to 18,000 fans for boxing.

Julie Rykovich To Perform For Chicago Bears

Chicago, Sept. 8.—(P)—The Chicago Bears today signed Julie Rykovich, former Notre Dame and Illinois halfback, of Gary, Ind.

Rykovich, played last year with the Chicago Rockets (now the Hornets) and previously with the Buffalo Bills of the All-America football conference.

He recently was released by the Chicago Hornets.

Chicago, Sept. 8.—(P)—The Chicago Cardinals of the National Football League have purchased quarterback Jim Hardy from the Los Angeles Rams.

The Cardinals said last night they paid an undisclosed cash sum and gave an unidentified "high draft choice."

Hardy was the No. 2 forward passer last year in the league. He lives in Los Angeles and is a Southern California alumnus. He will replace one of the three Cardinal quarterbacks, Paul Christman, Ray Malouf or Virgil Eikenburg, after joining the Cardinals at Pittsburgh Monday.

Chisox Overcome Brownies 3 To 1

Chicago, Sept. 8.—(P)—Bob Kuzava allowed only five hits tonight to score his ninth victory against four losses as the Chicago White Sox downed St. Louis, 3-1. The victory was Chicago's twelfth in 18 games against the Browns and gave the sixth place White Sox a seven and a half game edge over the two-game set.

Ned Garver suffered his sixteenth loss as he surrendered 11 hits. Johnny Ostrowski, who collected three of the winners' 11 blows, collected two runs batted in by driving across Chicago's second and third runs.

Ft. Wayne Retains National Semi-Pro Baseball Crown

Wichita, Kas., Sept. 8.—(P)—The Fort Wayne General Electric retained their national semi-pro baseball tournament crown last night.

The Indiana club beat the Golden, Colo., Coors, 5-4, to become the first team to win three consecutive national semi-pro titles.

It also was the first time in tournament history that a team had a handicap as great as the one carried by Fort Wayne.

Fort Wayne went into the finals of the double elimination tournament with one defeat against it. Golden was unbeaten. The Indians trounced Golden, 5-2, in the first game Monday night and then did it again last night.

THE STORY: Gaynel Tenre has accepted Fritz Freymann's proposal of marriage, even though she knew many problems must be settled. First she tells Barry Balbridge, a wealthy young man, who is in love with her. Gaynel had been asked by Barry to become Mrs. Balbridge, but Gaynel had not given an immediate answer. Next, Gaynel must tell her mother. Since her father's death, Gaynel had been the breadwinner for the family. Her mother was a victim of many "movements" and her sister Pat too young to work. Gaynel's mother, an enthusiastic, has been too busy with the Little Theater—her latest find—to notice that her daughter has been showing Fritz preference over Barry.

XXVIII

DENNY's prediction that the Little Theater Interim would be over by fall had come true. The theater and workshop no longer resounded with hammering and rehearsals.

Gaynel reminded herself that when she had put her foot down firmly enough, in previous matters, she had won out. Why shouldn't she win, too, then, when she told her family she was going to marry Fritz?

An entire evening spent in struggling to straighten out last month's household accounts put her in exactly the right—or wrong—frame of mind when Emily discovered her in a little writing room off the living room.

Emily swooped down on Gaynel with her little gestures and smiles. "I've had the loveliest time!" "I, too, have something to tell you, Mother. I am going to be married."

"Married! Oh, my darling! How lovely!" Emily rushed over to throw her arms around her daughter, to kiss her on each cheek. "My precious darling. Mother's little girl. Of course it makes me very sad. Yet very happy. I've looked forward so long to this day which I've known would come. I've always felt as though Barry, the dear, sweet boy, were the same as my own son."

Steps to the Moon

Gaynel said quietly, "But I'm not going to marry Barry, Mother."

"Not going to . . . But, darling, who else could you marry? Surely he's asked you? But of course he has. Of course you're going to marry Barry, darling. You know it means so much to me."

"Whom I marry means something to me, too," Gaynel said. "It's the one thing I must decide myself. I am fond of Barry. But not in love with him. He asked me to marry him. But I happen to love someone else."

"SOMEONE else?" Emily looked bewildered. "But how could you love someone else, dear, when Barry's so sweet, so entirely suitable, when he could do so much for you—for all of us?"

"I'm sure Father would want me to marry the man of my choice."

Emily ignored Gaynel's remark. "You must talk this over with your brother."

"Oh, I'll talk it over with him." Gaynel readily could promise that. "Denny will have to take on his share of responsibility, contribute part of his earnings."

"Denny . . . contribute!" Such a possibility practically robbed Denny's mother of speech.

"He can give up his expensive habits."

Emily went on: "It seems to me, darling, you ought to think about us—your family. Your mother and brother and dear little Pat. Think of all Barry did for her . . . the sweet child's very life, besides all the money he must have spent."

Pat appeared at the door. She had heard her name mentioned. "Come in, dear," Emily held out a hand. "This concerns us all . . ."

"Please, Mother!"

"Pat is grown-up enough. She should know, Gaynel, that you aren't going to marry Barry."

"You aren't!" Pat stared at her sister out of round, wide eyes. Now her face broke into a radiant

smile. "Gee, I'm glad."

"Glad!" from Emily.

"You're the only one," Gaynel said.

"Because," Pat stated solemnly, "then I can marry him as soon as I'm old enough."

GAYNEL laughed. She might have known she could depend upon her little sister. "So you can," she said. "But, honey, suppose you run along now."

"I suppose," Emily said, "I'll have to give up dear Clipper. When he's so attached to me."

"You won't have to give up the dog."

Poor Emily really had had enough. "There will be plenty of time to make all the necessary arrangements."

"Time?" Emily said. She took a large dose of the smelling salts. "Time, did you say, darling? You mean, you're not going to marry anyone right away? All of these terrible things don't have to happen at once? You're not going to leave your poor mother, and Denny and Pat right away, then, darling?"

"Certainly not," Gaynel reassured her. "You talk, dearest, as though I were going to die, when instead I'm going to marry the man I love. And oh, Mother, I do love Fritz so much!"

"Fritz!" her mother repeated. She let her salts fall to the floor. "You don't mean, you can't mean . . . not that strange young man, the one whose name I never can remember! A nobody, without a penny. . . . Oh, my dear!"

Gaynel stood up; her face was white, but she looked very proud. "I couldn't mean anyone else, Mother. Fritz isn't a nobody, or a stranger. He's gotten a very good job. Though all that matters is that I love him, and he loves me."

"My poor, poor nerves," Emily sighed. She recognized that set look on her daughter's mouth. "To think you'd do this—if you knew the hopes I've had for you. But, as you say, there'll be plenty of time. A tiny candle, like a flame of hope, lighted in her pretty eyes, so that now she could even give Gaynel a smile."

Business Opportunity
For Sale Wagner Building at 505 E. State St. Ideal location and good lease. For appointment phone 148.

The announcement followed a request made Wednesday by the Jacksonville and Pittsfield Chambers of Commerce that a special hearing on the proposal to abandon the two passenger trains be held in a central location sometime during the latter part of the month. This suggestion was made to give interested persons from Jacksonville and west central Illinois the opportunity to present their side of the case now pending before the commission.

The two passenger trains, westbound No. 2 and eastbound No. 3, are the only two passenger trains still running on this division of the Wabash road.

The railroad management Wednesday presented figures showing that the trains have been losing money for some time. Passengers have been very few, they said, and revenues from mail and express services have come far short of making the two trains profitable.

R. Karl Baker, secretary of the Jacksonville Chamber of Commerce, Alderman Carl Haneline, City Attorney William L. Ray and City Clerk John B. Phillips attended Wednesday's hearing in Springfield. Secretary Baker said Thursday that the local Chamber of Commerce is supporting Beardstown and other communities who are asking the Burlington railroad to restore trains No. 51 and 52.

Left Thunder At Home
When asked where his horse Thunder was, the 6 ft. 4 in. cowboy answered "Thunder is back home in North Hollywood brushing up on his tricks. I travel alone." Evidently unaffected by the crowd that milled around him, the cowboy celebrity confessed that "personal appearance tours are rough. I haven't been home 9 weeks this year."

Red Ryder Of The Movies Rides Into Jacksonville

Red Ryder of the movies rode into Jacksonville last night. The celluloid cowboy, however, did not ride madly into town atop his black horse Thunder as he has done in so many filmland epics. Instead the lanky red head quietly drove up to the Dunlap hotel in a light Buick convertible, appropriately decorated with cowland insignia.

The cowboy acting star, who, in real life is Jim Bannon, late of Kansas City, Mo., stopped over at the local hotel to rest between one night stands. The likeable Irish actor informed a Journal-Courier reporter that his next stop was in Middletown, Ind. He travels alone, performing only in a sharpshooting capacity during the personal appearances.

In Four Red Ryder Pictures
Bannon has played in four Red Ryder pictures. The movie series was originally portrayed with Wild Bill Elliott in the lead. Before switching to cowboy pictures, Bannon was a radio announcer. He moved from the airwaves to Hollywood and signed with Columbia studios where he performed in innumerable mystery pictures, acting the part of a detective or reporter.

During a two hour session in the Dunlap coffee shop, the cowboy actor was pined with requests for autographs. He pleasantly filled the fans' wish for a signature.

White Hall Church Plans Installation Of Pastor Sunday

White Hall—Rev. Karl F. Brehne, formerly of Hope Lutheran church in Highland, will be installed pastor of the Redeemer Lutheran church Sunday afternoon at 3 o'clock. He succeeds Rev. Herman Witzgall, who has accepted a call in Iowa.

Rev. Edward J. Shick of Trinity Lutheran church in Girard, who has been serving the White Hall parish as vacancy pastor, will preside, assisted by other clergymen of the vicinity. The public is invited.

The guest speaker will be Rev. H. A. Rehwald, pastor of St. Peter's Lutheran church in East St. Louis. Rev. Rehwald is chairman of the mission board, southern Illinois district of the Lutheran church-Missouri synod.

Refreshments will be served on the church lawn by the Ladies Aid. Pastor Brehne, his wife and their 11-year-old son will arrive in White Hall Friday on their way to the church for a service on Main street. The home has been completely redecorated for them by the congregation and the Ladies Aid.

A welcome party is being planned Thursday, Sept. 15, in the basement of the Harms residence at Roodhouse.

His 1948 Buick convertible also attracted much attention on West State street. The auto was dressed up in true cowboy fashion with an honest-to-goodness six-shooter for a gear-shift lever, horseshoes for door handles and tooled saddle leather seat covers. These ornaments were crowned by a pair of 65 inch Texas Longhorns mounted over the front bumper with the name "Red Ryder" inscribed in the leather headpiece.

During a two hour session in the Dunlap coffee shop, the cowboy actor was pined with requests for autographs. He pleasantly filled the fans' wish for a signature.

Gibbs Tells Kiwanis, Illini To Win Four

Predicting that the Illini would win their first four football games this year and wind up the season with a record of five wins and four defeats, Ronald Gibbs, professional football referee, gave Jacksonville Kiwanians the benefit of his extensive gridiron experience in a talk Thursday noon.

A large number of visiting Kiwanians from Springfield, Virginia and Girard were on hand to hear Gibbs and to participate in the 11th Kiwanis District golf tournament, held at the Jacksonville Country club.

Gibbs, who officiated at the last All-Star game in Chicago, related many interesting incidents concerning the football classic. The Philadelphia Eagles are a great team, he declared, and their coming battle with the Chicago Bears this fall will be the game of the year. A good pro team, Gibbs said, should nearly always defeat a collection of college all stars.

Discussing the difficulties of judging games, Gibbs said that professional contests are nearly always easier to referee than college games, because of heavy fines which are levied against pro players for rule infractions. The hardest sport of all to referee is basketball, according to Gibbs.

Referee Gibbs, who also holds the position of director of public relations at Pillsbury Mills, Springfield, presented a film entitled "Touchdown Thrills of 1948" following his talk.

Before the program commenced, Wilbur Rogers, chairman of the Kiwanis committee sponsoring the drama series, announced the formation of four club teams to compete in the sale of tickets for the productions. Plays to be staged by Broadway casts this year include "Peg O' My Heart," "The Hellcats" and "Fair and Warmer," Rogers said that arrangements had been completed for the presentation of these Broadway hits at the J.H.S. auditorium and that all of the proceeds from the sale of tickets would go for the new Passavant hospital.
